TWO CITY ALDERMEN TENDERED RESIGNATIONS

Children want Skating Rink on East Side. City will Defend C.P.R. Appeal case at Ottawa. Service Tax cases referred to Committee. City's Books Audited and found in Good Order. J. E. Fraser appointed Returning Officer. Accounts Passed.

The regular meeting of the city council was held on Tuesday evening with all members in attendance except Ald. Pendleton.

The minutes of the previous meeting were read and adopted.

Bill Moore addressed council regarding his taxes, claiming there was an adjustment which should be made. The small difference was adjusted.

Harry Cook applied for water to make a public skating rink for the children on the east side. Referred to the public property committee with power to act.

J. E. Fraser, assessor, reported on the matter of assessment at laundry, which was adopted.

The following accounts were passed for payment: Supplementary, \$44.79; General \$346.97; Electric Light \$74.41; Waterworks, \$14.80, and a hospital account of \$25.00 for indigent patient.

Bylaw No. 455, appointing J. E. Fraser returning officer for the municipal elections was read three times and finally passed.

The ratemakers' meeting will be held on the evening of November 30th, in the Angus Theatre.

A number of delinquent electric light accounts were ordered to be written off, after which the meeting adjourned.

HIGH SCHOOL EXAMINATIONS

The following is a list of the students of Grades X and XI, of the Wetaskiwin high school, and the average marks made on their last six weeks on all subjects:

Grade X—

Allen, Ruth, 75.
Barn, Martha, 59.
Delford, Ellen, 63.
Fos, Irene, 64.
Friedland, Lillian, 72.
Griffiths, Phoebe, 36.
Henderson, Amanda, 46.
Kelley, Agnes, 49.
Hester, Volma, 37.
Liversidge, Edythe, 37.
Lundell, Minnie, 45.
MacFarlane, Mary, 61.
Meyer, Vina, 35.
Miquelin, Lorraine, 64.
Ox, Lizzie, 70.
Reid, Dorothy, 68.
Stevens, Agnes, 47.
Pfeifer, Helen, 67.
Bogit, Leon, 62.
Reid, Helen, 52.
Folland, Gerhard, 51.
MacEachern, John, 42.
Smith, Arthur, 75.
Orr, Jack, 53.
Wing, Dan, 52.

Grade X-B—

Begston, Mary, 65.
Bry, Helen, 60.
Donnelly, Bernadette, 63.
Fos, Vina, 64.
Freeman, Bertha, 58.
Hanson, Rena, 58.
Hicks, Helen, 59.
Kitchin, Katie, 79.
Linn, Emma, 49.
Liversidge, Mary, 56.
MacFarlane, Constance, 71.
Mason, Elizabeth, 66.
Miles, Vivian, 52.
Moore, Pearl, 56.
Poole, Eleanor, 61.
Robinson, Jean, 76.
Wager, Ruby, 31.
Walker, Zoe, 30.
Farman, Ben, 62.
Franklin, George, 62.
Larson, William, 59.
MacFarlane, Will, 64.
Orr, Gordon, 49.
Robertson, Angus, 63.
Kadlec, Elmer, —.

Grade XI—

Compton, Nora, 61.
Cummings, Ethel, 40.
Davies, Grace, 65.

Whitely, Fanny, 59.
Whitfield, Mildred, 55.
Larson, Lizzie, 55.
Tren, Cora, 44.

WETASKIWIN BOY TAKING COURSE IN AUTOMOBILE SCHOOL

Mr. Raymond Root, of Wetaskiwin, has arrived at Detroit, Michigan, to take special training before entering the automobile business. Mr. Root is attending the Michigan State Automobile school in that city.

The automobile industry is fast becoming the world's greatest business. The total registration of automobiles, trucks and trailers in actual use in the United States is now nearly 12 million. Production of automobiles in 1921 was a million and three quarters and will probably be over two million more this year. The motor of 1921 was the largest and most powerful in the history of the automobile industry, and each month since has shown a larger production figure than the corresponding month of the previous year.

Ninety-four per cent. of the cars come from the Detroit district. Visits to these factories for inspection and study of their methods are part of the Michigan State Automobile school course.

Mr. Root's many friends will be glad to hear that he is looking into the future and preparing himself for a place in the great automobile industry.

LADIES' CURLING CLUB MEETING

A meeting of the Ladies' Curling Club will be held at the rink on Monday afternoon next, November 27th, at four o'clock for the purpose of re-organization. All ladies interested in curling are cordially invited to attend.

WEDDINGS

JACKSON—DUGGER

A quiet wedding was solemnized at the Methodist parsonage on Wednesday last, when Miss Glenn Dugger was united in the bonds of holy matrimony to Mr. Ben Jackson, by Rev. W. H. Irwin.

WOITT—HINCHEL

A popular wedding took place at Edmonton on Wednesday last, when Miss Hinchel and Mrs. Louis Woitt were united in holy wedlock. The ceremony was performed by Rev. A. Grose. They will make their home in the Wetaskiwin district.

AMUNDSON—HAGON

A quiet but pretty wedding was solemnized in Wetaskiwin in the home of Mr. and Mrs. Thos. Hagon, Thursday evening, November 16th, when Mrs. Rikka Hagon of Battle Lake, Alberta, was united in the holy bonds of matrimony to Mr. Martin Amundson of Battle Lake. The ceremony was performed by Rev. L. Alexander in the presence of a few relatives and friends of the contracting parties. The married couple have their home on a farm at Battle Lake (West). Mr. Amundson has recently arrived from Minnesota.

W.M.S. DISTRICT HOLDS CONVENTION HERE

The Wetaskiwin district meeting of the W.M.S. of the Methodist church was held here Friday, Nov. 17, delegates from the other auxiliaries attending.

The afternoon session was conducted by Mrs. A. C. Johnson, district superintendent from Clive. Progressive work was reported from all points.

Mrs. Race, provincial secretary, presented a report of the board meeting held last August in Toronto. This was a very important and instructive item of the program.

Interesting papers or mission bands were read by Mrs. Williamson of Wetaskiwin and Mrs. Reid of Clive.

Mrs. V. C. French rendered a delightful solo, and the Red, White and Blue Mission gave a missionary sketch in Mother Goose rhymes.

The afternoon session a dainty supper was served to the delegates and friends from other churches, in the city.

At the evening session Rev. W. H. Irwin presided, and the Rev. A. Elliott was also present. At an appropriate address on the work of the W.M.S. by the chairman, Mrs. H. C. R. Walker and Mrs. R. A. Walker, of the local auxiliary, were very much appreciated.

Miss Fitzpatrick, instructress in the Ruthless Home, Edmonton, gave a short account of the work done there and also of similar work among the New Canadians at Regina.

Then Mrs. A. S. Abbott of Lacombe sang "The Mission of the Ladies," concluding two very inspiring and instructive sessions of the district meeting.

ALBERTA HAS FIRST GRAND JURY WOMEN IN THE DOMINION

Red Deer, Alta., Nov. 22.—Women were empaneled on a jury case in the supreme court here last week for the first time in the history of Canada.

A recent amendment to the Jury act of Alberta allows women to sit on a jury in a case where a woman is concerned. The case before Mr. Justice MacCarty is a breach of promise case from Clive, Alberta—Silva vs. Larkin. Counsel for the defendant contended that the plaintiff herself must make application to have women empaneled on the jury, not a solicitor, but the judge overruled the objection.

When the jurors were being sworn in the women objected to kissing the court Bible for customary reasons. She was allowed to affirm her oath. The jury returned a verdict awarding the plaintiff \$4,000 covering both charges.

The jury was composed of Mrs. Daniel Smith, Mrs. Horn, Mrs. Huestis, Mr. Gamble, Mr. Holsford and Mr. Moore.

At Ottawa an order in council has been passed to close out liquor establishments in Saskatchewan. In Alberta the provincial government has the power in its own hands and has already taken action. March 1 is the date on which liquor houses in Alberta are to pass out. There are now ten such companies in the province.

A.F. & A.M. DANCE

Arrangements are being made by the officers and specially request all members of Wetaskiwin Lodge A.F. & A.M. to hold their annual dance in Angus Hall on the evening of December 27th. This is looked upon as one of the big events of the season.

WETASKIWIN BONSPIEL WILL BE IN FEBRUARY

At a meeting of the executive of the Wetaskiwin curling club held on Tuesday evening it was decided to hold the local "spiel" after the first of third week in February, the exact date to be decided on as soon as it is known when the Red Deer bonspiel will be held.

WETASKIWIN SKIPS ELECTED FOR YEAR

The semi-annual meeting of the Wetaskiwin Curling Club was held at the rink on Wednesday evening last with President H. J. Wells in the chair. The minutes of the last meeting were read and passed, and Oliver Routledge was appointed a member of the executive in place of W. O. Torgerson, who has left town.

The fee for the coming season will be \$12 for old players and \$10 for green players. It was decided to hold the annual bonspiel as usual, the date to be left to the bonspiel committee, which consists of Messrs. Souers, McManis, Richards, Manley and Williams.

Ninety-five members have already signed up with the veteran Joe Herlihy as captain of the team.

The following skips were elected: C. D. Enman, H. J. Wells, J. W. Samers, Geo. Graham, J. Herlihy, J. P. Ellis, H. W. Wright, H. R. Beach, C. E. McManis, C. H. Russell, J. S. Orr, R. W. Manley, T. C. Ruben, R. S. Murray, J. Smee, V. C. French, P. Kirshen, L. D. Montgomery, P. A. McKnight, E. D. H. Williams, J. W. Samers, J. V. Maggs, Schraib, H. Balleis and Joe Richards.

Considerable improvements have been put on the rink this year. New patent ventilators have been put on the roof and some alterations made in the waiting rooms. The ice will be ready as soon as the first cold weather arrives.

The executive wish it understood that "green" players referred to above consist of all players who have never carried before anywhere or any time, and will be playing their first games this season.

HOLDERS 1922 VICTORY BONDS GET CASH IN DECEMBER

Ottawa, Nov. 22.—In a statement issued this morning, the department announced that holders of 1922 Victory bonds will receive cash on the first of December 1st.

At any branch of any chartered bank in Canada, or at the total amount of the bonds less maturing December 1st is \$175,000,000 and conversions have led over one hundred millions, cash payments for bonds will be in the neighborhood of \$75,000,000.

The statement from the department follows: "Under the terms the principal of these bonds is payable only at the department of finance, Ottawa, and at the offices of the assistant receivers general at Charlottetown, Halifax, Regina, Montreal, Toronto, Winnipeg, and Vancouver and Victoria. But in addition, and for the greater convenience of the public, the minister of finance has entered into special arrangements with the chartered banks for the payment of the bonds through their branches without expense to holders."

"In order that holders may receive cash promptly at date of maturity, it will be necessary when dealing through a bank to deliver the bonds for examination and listing at least four days previous to December 1st. Correspondingly, if bonds are presented to a bank on or after December 1st, holders must be prepared to grant a few days for examination and verification before payment is effected."

The banks have received full instructions as to the form of endorsement required from holders of registered bonds.

"Officials of the department state that applications for the greater convenience of the public, that some holders have the impression that the principal of the bonds will be sent out by cheque, automatically, as the interest in the case of registered bonds. It is pointed out that payment of the principal can be effected only on surrender of the bonds themselves."

"Attention is also directed to the fact that the bonds cease to bear interest on the maturity date. If held thereafter, claims for further interest cannot be entertained."

CURLERS' ATTENTION!

All fees must be paid on or before Saturday, December 2nd, by the curlers and all members of Wetaskiwin Curling Club. The secretary of the club on or before that date. This will relieve the executive of a great amount of work, and from the treasurer.

BORN

DENLEY—A. Miller, on the 17th inst., to Mr. and Mrs. J. B. Denley, a daughter.

KREITZ—In Wetaskiwin, on the 21st inst., to Mr. and Mrs. Wm. Kreitz, a daughter.

OBITUARY

CHARLES EDWARD SNELL

The deepest sympathy of the community will go out to Mr. and Mrs. Chas. Snell, of Wessham Valley, in the loss of their infant son, Charles Edward, who was removed from them by the hand of death on Sunday last, after a few days' illness with pneumonia. He was aged two years, four months and twenty-six days. The funeral took place on Tuesday, the remains being laid tenderly away in the Knox Hill cemetery.

CARL DUGGER

Another of the early settlers of the district passed away on Friday last in the person of Carl Dugger. While employed with a bridge gang west of Yorkford, he contracted pneumonia, and although he was hurried to the city, and everything done to combat the ailment, it was of no avail, as he succumbed after a determined but hopeless fight.

He was born in Illinois, and was about thirty-eight years, eight months and sixteen days. In the year 1896, he joined the tide of immigration to Alberta, and after looking over different parts of the country decided to locate in this district and took up farming about four miles north of the city. He resided there until about four years ago, when he retired to the city. He was an industrious and loyal citizen, and was held in the highest esteem by a large circle of friends and acquaintances.

He leaves to mourn his loss, a widow, and family of four daughters and one son. He is survived by his mother, Mrs. Wm. Hawkins of Prince George; and Mrs. P. Genz and Mrs. B. Jackson of this city, and Clarence, on the farm.

The funeral took place on Sunday afternoon, services being conducted at the late residence by Rev. W. H. Irwin. The interment was in the Wetaskiwin cemetery, and a large number of friends were present to pay their last tribute of respect to the deceased. The pallbearers were Messrs. Alex. Murray, Harry Sharlow, Thos. Spencer, J. Jackson, W. A. McKnight and Richard Hawkins.

INDUCTION SERVICE IN KNOX CHURCH

On Thursday, November 16th, there was a fine rally of Presbyterian folk, with the Presbytery of Lacombe to welcome Rev. A. L. Elliott and Mrs. Elliott to the community and to the district, late of Regina, Manitoba, into his new pastoral charge. St. Andrews of Wetaskiwin, Rev. Dredge of Camrose, interim moderator, was in charge.

Rev. McElroy of Monticello conducted services. In his address he called for gratitude from the people of God for all their many blessings.

Rev. Mr. Dredge, with authority from the Presbytery of Lacombe, duly inducted Mr. Elliott into his new charge and welcomed him to the community and the district. He also delivered the charge to the newly inducted minister. In a most brotherly manner he spoke of "the vocation of a minister" as that of interpreting to the people the will of God. He said for this purpose only should a minister of the gospel use the pulpit on the Sabbath day.

The choir to the congregation was given by Rev. Firth of Lacombe. He spoke of the ideal congregation, and called for this congregation through his sermon, managers and membership to rise and become as far as possible the ideal congregation.

The choir led the congregational singing, and rendered a much appreciated anthem.

During a social hour at the close the ladies served refreshments, and Mr. Elliott, assisted by others, introduced Mr. and Mrs. Elliott to the inductees of the congregation.

Mr. Elliott comes to Wetaskiwin with a fine record, and indications are that the noble line of Presbyterian ministers who have passed on to larger and better work will be maintained. The warmth and heartiness of the welcome and the fine spirit of the induction service speak in an unqualified manner the confidence of the congregation.

A very fine hall has been fitted out in the Knox church by the V. A. Block, and will fill the demand from the farmers of the district for a place to hold public meetings, conventions and social evenings. By removing the partitions the three rooms on the north side were converted into one large room. D. W. Warner, M.P., for Strathcona, will address a meeting of the electors on Wednesday evening in the new hall.

"BIG FOUR" HOCKEY LEAGUE ORGANIZED FRIDAY NIGHT

Lacombe, Ponoka, Leduc and Wetaskiwin will form the Circuit. Officers were Elected. Amateur Hockey will be played and Winning Team will take Dried Shield. Schedule of Games will be Issued shortly and play will start about December 15.

The "Big Four Amateur Hockey League" comprising Wetaskiwin, Leduc, Ponoka and Lacombe, was organized on Friday evening.

Joe LaFrance of Ponoka, is the new president, and the remaining officers are: C. A. Mooney, of Leduc, vice pres. H. James, Ponoka, secretary; executive committee, D. H. Day and A. Macdonald, Lacombe; C. B. McDermid and C. Smith, Wetaskiwin, O. K. McKay, Leduc, and R. C. Ames, Ponoka.

The league will foster amateur hockey and will affiliate with the Alberta Hockey association. The dried shield will be at stake and the first and second teams will play off for the championship.

GOOD PROSPECTS AT MUTUAL OIL WELL

In looking at oil prospects in Alberta the average Edmontonian is apt to overlook what is happening beneath his very nose. Practically unnoticed except by those immediately interested in it, the Mutual Oil and Gas Development Company's well No. 1 at Pigeon Lake, a little over two hours' motor run from the city, is producing steadily away at the rate of ten to twelve feet a day, with the level at which geologists look for oil a scant 250 feet off.

Geologists of outstanding standing in the province are now prospecting in the area, and it is not unlikely that a position to know, that a thousand feet of the overburden above the oil pool has been swept away in the dim and distant past, with the result that all that remains is a thin layer of sand, and presence of gas is quite evident in the district.

Vein of Iron Ore

Owing probably to a natural cause of anything near being, the field has remained undeveloped until late, when a company of Albertans, with a number of Edmontonians in its ranks, decided to venture into the area. Mutual well No. 1 was erected and under the direction of Dr. J. C. Scott operations were commenced. Five hundred feet of four-inch iron ore was sunk, but not without difficulty. As though to make up for the thousand feet she has stripped off the top of the earth, Mother nature had inserted an eight-foot vein of iron ore, and the distance between the surface. It was a matter of weeks to bore the bit finally was a passage through this tough formation.

Expect Christmas Gift

When the five hundred feet of drilling had been completed a short time ago, instead of following up with the customary twice inch casing, Dr. Scott decided to drill right to the six-inch casing, it being estimated that the pool could be reached with the smaller pipe, owing to its short distance between the earth's surface. This casing had gone down between sixty and seventy feet when the well was visited by a Journal representative Wednesday, and very satisfactory progress was being made. It is hoped that the well will "come in" by Christmas.

The head driller, while not talking "gushers" says that he has never run up against such hopeful signs at such a short distance down in many a long day. At the present time the shale with an oily smell to it is being encountered. While the drilling crew are not given over to talking about it, it is not struck at the depth expected, the 500 feet of four inch casing will stand the drillers' 14 foot casing, as operations for a 2000 or 3000 feet hole can be started at the half-hour's foot level.

The well is situated thirty-three miles by road from Edmonton and is 800 feet above the city. From Millfield, the nearest point on the railway, it is nine and a half miles, and is 600 feet. The well is estimated thirty-three miles by road from Edmonton and is 800 feet above the city. From Millfield, the nearest point on the railway, it is nine and a half miles, and is 600 feet. The well is estimated thirty-three miles by road from Edmonton and is 800 feet above the city. From Millfield, the nearest point on the railway, it is nine and a half miles, and is 600 feet.

Play will commence about December 15, and it is expected that a game will be played here either on New Year's Day or Christmas Day with Ponoka as the opposing team.

Each club is to pay an entrance fee of \$10.00 to the league, and to deposit \$15.00 with the league executive to defray the expenses incurred by a defaulted game. If no games are defaulted the money will be returned to the clubs at the end of the season.

Schedule of games was drawn up at the meeting, this being left to the president, C. A. Mooney, of Leduc, who will submit the schedule to the four clubs for their approval.

Any hockey players in the city and district who wish to play this season are requested to hand in their names to the secretary of the board club, E. Garlough, as soon as possible, so that their amateur cards may be secured before the season opens.

The rink is progressing in good shape, and ice will be made as soon as the weather permits.

WETASKIWIN GOLF CLUB IS PLANNING BIG IMPROVEMENTS

We omitted last week to state that the Wetaskiwin Golf Club held their annual meeting in the Grand hotel banquet room on Monday night. There was a full attendance and the following officers were appointed for the coming year:

Pres.—H. J. Wells.
Vice Pres.—Oliver Peterson.
Sec.—C. B. McManis.
Executive—Mr. Barry, H. C. French, Alex. Knox, Miss Davidson and Mrs. Knox.

A considerable development a committee was appointed to secure a site for a permanent golf course, the present course being only rented by the year. It is the intention of the club to purchase a piece of land on which a long lease can be obtained, so that permanent improvements can be made. The club now has a membership of fifty-five and expects to have a large number of new members for 1923.

NEW RATES FOR THREE GALLON CAN CREAM SHIPMENTS

A new rate has been established by the express company for three gallon shipments of cream. Previously the minimum insisted upon by the express companies was a five gallon can. Under the new arrangement three gallon cans will be accepted, and this will much benefit the small shippers. The rate established is 53 1/2 per cent. of the rate for five gallon cans. While the schedule applies to the National railways, the same proportionate reduction will be put in effect on the railways north of Edmonton. The schedule is as follows:

Not over 25 miles—15c.
Not over 50 miles—18c.
Not over 75 miles—22c.
Not over 100 miles—25c.
Not over 150 miles—34c.
Not over 200 miles—42c.
Not over 250 miles—50c.
Not over 300 miles—58c.
Not over 350 miles—66c.
Not over 400 miles—74c.

Capacity of cans must be legibly marked on the can with not less than one inch figures. Cans must not be less than 16 inches high, nor less than 10 1/2 inches in diameter at the bottom. The bottoms of the three gallon cans must be so constructed as to permit piling on top of other cans.

On Saturday last week at noon the citizens of Leduc were alarmed by a fire which broke out in the house owned by Jas. Scott of Leduc, and occupied by Wm. Cork. Mr. Cork had just purchased a gasoline lamp and in attempting to light it to burn off the mantle, the gasoline was ignited. In an instant the whole room was in a blaze and the father had barely time to get his wife and children out before the whole interior was on fire. Mr. Scott, who had only moved in three weeks previously and had no luggage on the contents, which were a total loss.

road is first-class all the way and makes haulage an easy matter. Pigeon Lake is seven miles southwest of the well and 100 feet below it—Edmonton Journal.

NORWAY
PINE
SYRUP**
Broke Up A
Bad Cold

Never neglect a cough or cold be-
fore it is too late. If you do it can have but
one result: it leaves the throat or
lungs, or both, inflamed.
A single dose of Dr. Wood's Norway
Pine Syrup will help to stop the cough,
soothe the throat, and if the cough is
cold has become settled on the lungs,
the healing virtues of the Norway pine
tree along with the soothing and ex-
pectorant properties of other excellent
herbs, roots and barks promptly eradi-
cate the bad effects, and the persistent
cough cannot but cause permanent relief.
Mr. Geo. P. Gould, St. Mary's, Ont.,
writes:—"This is to state that I have
used your valuable remedy, Dr. Wood's
Norway Pine Syrup, and found it all
that could be desired to break up a
bad cold, the kind so many are afflicted
with, especially during the winter
months. It soothes and cures the respi-
ratory passages and effectively checks
the cold in a remarkably short time."
There are many imitations of "Dr.
Wood's" so be sure and get the genu-
ine. Price 25c and 50c a bottle; put

**ON KEEPING
OUT OF DEBT**

(By Sir Harry Lauder)
The first chapter of thrift is to be
out of debt. In the race of life the
man who is out of debt is in the
straight for victory. What a fine thing
it is to walk down the street in your
boots, and your own suit, of
clothes—say, and to live in your own
house, and to ride in your own
car. The only road to that sort of
thing is the road to thrift.

There are other men besides thrus-
—and myself! and one of them says:
"He looks like whole world in his face
for he does not want any more."
Debt makes a man fortune. He
chances back of his life. Nothing
will make a man avoid you sooner
than to lend him a five. He senses
you as though you had the smallpox.
I'd rather be a lender than a borrower,
though. It's not so demoralizing.
Debt is a dragon that incites men to
do dishonest things.

There's no telling what man—or rat
—will do when driven into a corner.
The only safe way is to keep in the
open, to keep out of debt and danger,
to keep out of debt, it is not high
enough.

One who "had nowhere to lay his
head" said: "It is more blessed to
give than to receive."
That's the great law of service; the
man who only gives money gives lit-
tle. I think the world is on the wrong
track. In seeking happiness, it usually
seeks only to the served and not to a
servant.

Happiness is not found so much by
getting as by giving, and not only
your money but your self.

The selfish, grabbing, clutching in-
stinct is the instinct of the brute;
though a dog is often more generous
than many a man. The giving, self-
sacrificing, serving side is spiritual
and heaven sent.

Personally I cannot see that we are
going to get much farther in our
world relations until we determine
honestly to act upon unselfish prin-
ciples. It is never good business to win
by another's loss. Success is pur-
chased at the shop is a bad bargain.

Signs are showing in the political
sky that indicate the coming of fair
weather, the scattering of the clouds
of suspicion, both at home and abroad,
and the shining of the sun of confi-
dence. I am looking forward to the
coming of the summer of cordial friend-
ship. May no east winds of distrust
and bitterness spoil it. If we cannot
forget, we shall have to forgive.

But what has this got to do with
thrift? A life of prosperity is not gold
only. Happiness and security, a warm
fireplace, a steady job, a game and a
smoke—these are big little things of
life. It's well to be thrifty of love
and affection, of honesty and industry
and efficiency, like the organist, to
praise God with our fingers, by doing
our level best in the sphere to which
we are called.

It's well to bank on these things.
They pay fine interest—a hundred per
cent.

But, like charity, thrift begins at
home. It is the first coming of fair
weather, the scattering of the clouds
of suspicion, both at home and abroad,
and the shining of the sun of confi-
dence. I am looking forward to the
coming of the summer of cordial friend-
ship. May no east winds of distrust
and bitterness spoil it. If we cannot
forget, we shall have to forgive.

"Thrift is a fine thing for you, for
your family, and for your neigh-
bor. It's catching. Your neighbor
sees and takes an example from you.
It's fine for everybody."

The thrifty man, sailing over life's
waves behind him, waterlogged, rud-
derless, derelict, those who leave their
money where they leave their
efficiency. It is to the spendthrift
that money is the root of evil, and a
man does not need to be rich to be a
spendthrift. To the thrifty man
money is the root of much good to
himself, to his family, to his town, and
to the nation.

**BLACK AND SILVER
FOXES AT CLAIRMONT
RANCH DISPOSED OF**

Clairmont, Nov. 18.—Frank Turner,
the well known black fox breeder, of
Clairmont, last week made a sale of
29 black and silver foxes to Mr. J. E.
Ridgway of Lacombe. The price, it is
understood, ran between \$4,000 and
\$5,000. The foxes sold represent a
small portion only of the foxes on
his ranch, which is the largest in
Alberta. Mr. Turner has developed

DAILY CRUELITIES

"How could you do so mean a deed?"
Cried tender Mrs. Hahn;
"You fairly makes my heart bleed
To see you cut the lawn!"
—Ann Harbor Times News

Dearest, please, gentle maiden,
And cast your looks towards the sky
For it tells me of sadness
To see you cut the lawn!
—Charlotte News Courier

The tender hearted Dolly Dream
Said: "I have a heart, I beg;
O, Mother, do not whip that cream,
And please don't beat that egg."
—Cincinnati Enquirer

"Oh dear," the timid Jane exclaimed,
"I can't bear the shock;
And of myself I am ashamed
When I must punch the clock."
—Detroit Free Press

And then the gentle Lillie Hoo,
With kindly eyes and fall,
Cried: "Pray, dear, it hurts me not;
You must not throw the ball."
—Louisville Courier-Journal

"Oh, who is he?" cried Gerlie Gee,
"I came home after dark,
And now paternal faces decree
That I must be the mark."
—Tropics of the Day Films

"Come down from off that burning bar,
Called Little Johnnie Smeal,
"My tender conscience it will mar
To see you skin the cat!"
—Cleveland Plaindealer

The gentle little Maggie Reed
Cried: "I shall have a shock
If you perform that cruel deed
And go and scold that cock."
—Port Wayne Press

"Oh mother dear withhold your hand!"
Cried gentle Sarah Glaze;
"The sight is more than I can stand,
Pray, do not beat that rug."
—Akron (O.) Times

To him man: please pound this out.
Put black caps on the head,
And let the devil put it out.
And shoot it to Ye Ed.
—Our contribution

some exceptionally good strains of
black foxes, which he is improving ev-
ery year, and he is considered the
best authority on the raising of black
foxes in the north country. Last year
about 50 fox pups, all black and sil-
ver, were sold from the ranch, and
it is expected that as many more
will be sold this year, but will be of a
higher quality.

WHAT CAUSES HEADACHES?

"Fruit-a-lives" Prevents
Auto-Intoxication

Auto-intoxication means self-pois-
oning. Many people suffer from
constipation or insufficient action of the
bowels. Waste matter which should
pass out of the body every day,
remains and poisons the blood.
As a result, there is Headache,
Indigestion, disturbed Stomach, Pain
in the Back, Rheumatism and Eczema
and other skin diseases.

"Fruit-a-lives" will always relieve
Auto-intoxication as those tablets, made
from fruit juices, act gently on the
bowels, kidneys and skin and keep
the blood pure and rich.
Box a box, 6 for \$2.50, trial size 25c.
At druggists or sent postpaid by
Fruit-a-lives Limited, Ottawa.

NO PEDIGREE

While chugging down a country
track, I killed a farmer's dog,
an ancient and a battered ewe,
with long jag nose and humped up spine.
The farmer, sitting 'neath a tree, be-
held the grim catastrophe. "Fair hus-
bandry," I cried, "bluck. I own 'Ye
killed your razzorback; and I'm pre-
pared to hear you tell how that it's
pedigree is sweet; I shall not doubt
if you swear it took the premium
at the fair; I'm willing to believe this
dog is named in royal catalogue, and
that its sire was called the best of
all the bench shows, east and west,
that still, I ask you man to man, to
treat me softly as you can, for I am
poor, and have no roll to pay a most
oppressive toll." "I'm afraid the mean-
est beast is dead," with smiling face
the farmer said, "now that he's dead,
I have some people; he killed my chick-
ens and my geese; come to the house
and have a swig of cider since you've
cracked the pig." I shot six bushes
when I saw I slipped right down and
swound away. Man learns to meet
Pate's fiercest snarl with lily and un-
dermost front; but when he's all
wound up by Pate's fondest oat that
Pate can place, and gets lodged in a

FOR A LONG LIFE

By a remarkable coincidence the
wisdom of three centuries
who unanimously brand over eating
at the greatest cause of ill-health
and premature death, is made available to
the American people today.

Mr. John A. Stewart, one of the
most famous American bankers, and
Mr. Barr Spangler, a well known mer-
chant and president of the First Na-
tional Bank of Lancaster, Pennsylv-
ania, recently celebrated their hun-
dredth birthdays, and Dr. Stephen
Smith, "the father of the American
public health," died within a few
weeks of completing a century of life,
leaving ten millions for the benefit
of his countrymen.

Dr. Smith was the first graduate of
the American College of Physicians,
qualifying in 1850.

"A favorite saying of his was: '250
every man who dies before a hundred
practically speaking dies at the hands
of his own knife and fork.' His ten millions for
longevity are—

Not hardly any more.
Drink lots of milk; if it disagrees
with you drink more.
Take a ten or fifteen minutes' nap
after luncheon and dinner.
Sleep ten hours.
Sleep outdoors when the weather
permits.
Don't smoke.
Don't eat sweets.
Take no alcoholic or other stimu-
lants.

Avoid the easy chair; absence of
work is the first step to the grave.
Finally, just be natural; quit all
foolishness.

Mr. John A. Stewart, who is still
active as chairman of the trustees of
the United States Trust Company of
New York, and was Lincoln's finan-
cial adviser during the civil war, of-
fers similar counsel. "My great rule
he says, is moderation. Eating too
much is as bad as drinking too much.
And I haven't smoked for eighty years."

Mr. Barr Spangler's testimony is
again an echo of that of both his big
contemporaries. "I attribute my long
life," he declares, "to moderation
in eating. I take but two meals a
day. Do plenty of work and take the
little medicine. I have never smoked."
—London Times.

lieve me—Wilt Mason

World Traveller Gives Tanlac High Praise

"Tanalac has restored me to such
excellent health that I can recom-
mend it most sincerely. It brought me
complete relief after I had been in the
hospital two months with neuritis,
and built me up in a short time from
a dreadfully run-down condition."

This emphatic statement was
made by Mrs. Vivian Angelo Short,
highly esteemed resident of 2127 34th
Ave. Calgary. Mrs. Short is a woman
of exceptional education and refine-
ment. She has travelled extensively,
having been practically all over the
world. She lived in London and
Paris for several years, and has visited
Smyrna, recently burned in the
Turkish-Greek conflict, and Constantinople.

"About a year ago," said Mrs. Short
"I was attacked by neuritis. It caused
terrible pain in my knees, ankles,
arms and shoulders. The nervous
and stiffness were exceptionally severe,
and often my ankles and joints
would be painfully swollen. I could
not walk, every attempt causing me
perfect agony, and I was unable to rest
day or night."

On the urgent advice of a nurse I
began taking Tanlac. Within two
weeks I was so much improved that I
was able to walk about the house. I
took four bottles, and at present am
totally free from any trace of my old
trouble. I will always feel that I am
deeply indebted to Tanlac."

Tanalac is sold by all good druggists.

WHAT IS REST?

People's ideas of rest differ very
considerably; what is rest to one man
may be hard work to another. The
rest thing is to have a change of oc-
cupation, to get away from one's or-
dinary tasks, whether these be golf or
business, and to relax the mind in
whatever way may be most grateful.
Tandy will find this relaxation in re-
gion or in games. Where people find
it is both. That the wisest of all are
those who find it in the gentle ex-
ercises of the spirit and the muscle
such as neither tyrannize over nor dis-
tract their neighbors.

VERNO
A MEDICAL COMPOUND
RHEUMATISM'S
Greatest Enemy
For All Diseases of the
Blood

1213 6th St., Edmonton.
I have suffered with rheumatism
for years, have tried every remedy
I ever heard of, have travelled to
different climates, but without re-
sulting any relief.
Only those who have had rheu-
matism have any idea how I suffered.
At last I was forced to quit
work and was almost confined to
my bed when my father bought me
a box of Verbo and, after
taking five boxes I went back to
work completely cured, and I have
not lost one day's work from sick-
ness of any kind since.
There is nothing equals Verbo.
I have tried them all.

THURSDAY, NOVEMBER 22, 1922

NOMINATION DAY

NEARLY HERE

Nomination Day, which this year is
Monday, December 4th, will soon be
here, and it is time that serious
thought was given to the selection of
representatives to fill the various city
offices.

Of course the office of mayor is va-
cated every year. Mr. H. J. Mont-
gomery has filled the position very
well and capably, and as he has
had only one year in the chair, he
should be returned for another term.

Ald. Liveridge is the only alderman
who will have a seat on next year's
board. Ald. Pennington, who was el-
ected for two years, has removed his
family from the city and automatically
retires from the office. Ald. Cam-
mings has tendered his resignation
as he is now living in the country and
cannot give the time and attention
to the duties of the position that they
demand. As the term of office
of Ald. Campbell, Enman and Mac-
Eachern expires at the end of the
year, there will be five vacancies to be
filled on the council board. We
understand Ald. Enman and Mac-
Eachern positively decline to stand
for re-election, while Ald. Campbell
has not yet finally decided the mat-
ter. He says he has served the city a
number of years, and should be re-
spected of the responsibility.

We have been informed that a num-
ber of very good men will be available
to accept positions on the aldermanic
board. Among the names being con-
sidered are those of E. Kaylor, B. L.
P. Moan, J. S. Orr, W. A. Mc-
Knight, C. B. McLaren, and E. A. Ad-
Chandler will accept under certain
conditions. E. E. Moss is being urged
to accept a nomination, but he has not
yet consented to do so.

Messrs. D. MacEachern and J. F.
Bills and Dr. McColligan automatically
retire from the public school board.
Dr. McColligan announces he will be
a candidate for re-election, while Mr.
MacEachern is thinking it over. It
is likely Mr. Bills will stand for
re-election. We have heard of a
delinquent new aspirant, but are in-
formed several are being solicited to have
their names appear on nomination pa-
pers. Mrs. E. Frazer and Mr. W.
H. Odell will hold office for another
year.

Referring to the Sacred Heart Sep-
arated school board, Messrs. J. J.
Chapman and Pat Turner hold of-
fice until the end of next year, while
Fred A. Conroy, A. E. Turner and
A. P. Moan retire at the end of the
present year.

The ratapayers should give very
serious thought to the matter of can-
didates and see that the very best
men available are brought out to fill
the several vacancies.

MR. BURNS' ADVICE

Mr. Pat Burns, one of the most
practical outlaws in Western Can-
ada, who experiences dates back for
thirty years, has sounded a warning
to the farmers and cattle raisers
against the shipping of cattle not
ready for the market at this time. He
asks them to hold on to them if pos-
sible until the spring, when he will
pay much better prices. In some
cases, of course, this is impossible,
but it is a case requiring the money
to buy the actual necessities of life.
But cattle are being shipped which
barely pay the railway fare and ex-
penses of handling. In many cases
these young thin cows and heifers
which can only be used as canners,
bringing as low as \$10 and \$12 a head.
These cattle cannot be replaced, and
the herds in the province are being
depleted in a most regrettable way.
As the unfortunate owners being
a cut the better. That the present
price for cattle can continue, no one
acquainted with the past history of
the cattle business believes, and when
they will come in to sell again it
will be very low.

THE LAWLESS

BOOTLEGGERS OF

THE WEST

To the Editor, *Wetaskiwin Guardian*:
Dear Sir—Having just returned
from a long patrol in the Crow's Nest
Pass, the scene of the murder of Con-
stantine Lawson by the Latin bootleg-
ger, Piccarillo, I thought it might in-
terest you and your readers to get
the concrete facts of the case. Con-
stantine Lawson had slightly wounded
Piccarillo's son (near Medicine Hat),
attempting to stop him with a car of
whiskey. The father, who is known as
the king of bootleggers throughout
the entire Crow's Nest Pass, enraged
by the wounding of his son, started in
a car, accompanied by his son's wife
to the police barracks. They met
Constantine Lawson outside and began
shooting at him with revolvers. He
started for the car and struggled with
the assassins, but went down riddled
with bullets, and the murderers drove
away. Piccarillo is supposed to be
worth \$250,000, and has engaged two
good lawyers to fight for him. The
man on the street says that his money
will get him off. The police say "No!"
If he does get off, then our Canadian
law is a hollow mockery and a joke.
It is up to the loyal Canadian people
to back the police and the government
in this case. The Crow's Nest Pass
constabulary part of my 150 mile patrol
that I cover every few months, of
horseback. The many sullen foreigners
hate the policeman, and they say
there is an open season on police the
around. Two years ago two con-
stable were killed, thus making the
third one. This case has proven that
a bootlegger is a dangerous criminal
and must be subdued with an iron
hand.

vincial Police, and the British Colum-
bian Police.

LIVER TROUBLE

PAINS IN STOMACH

Most of the misery and ill-health that
humanity is burdened with arise from
disorders of the liver, stomach or bow-
els.

If you are feeling out of sorts, have
pains in the stomach, especially after
eating, your stomach, bilious, speckly
skin, or bilious headaches, heartburn,
water brash, etc., you should take a few
boxes of Milburn's Liver Pills. They
will clean up the liver, regulate the
bowels, and tone up the stomach.

Mr. T. C. Hallman, Ligonville, Ont.,
writes: "I had liver trouble for a long
time. I started to use Milburn's Liver
Pills, and in a short time I re-
sulted they were helping me. Now I
would not be without them and can-
not recommend them too highly."

Milburn's Laxative Liver Pills are 25c
a trial at all druggists, or mailed direct
on receipt of price by The T. C. Milburn
Co., Limited, Toronto, Ont.

COMMUNICATION

(We do not necessarily endorse the
sentiments advanced by this or any
other correspondent under this head-
ing—Ed.)

Editor of Times:

Mr. Schart suggests that one can
work more effectively inside the U.F.A.
than as a critic on the outside.

Had this been true, the member
from Stettler would have returned his
indemnity, as not only the locals, but
the constituency, condemned the spe-
cial indemnity and demanded restitu-
tion. The member from Stettler for-
gotten he was not a ward boss, but a
representative chosen to carry out the
wishes of his constituents and hung on
to the swing.

Punka constituency passed still
stronger resolutions, but their repre-
sentative has, so far as we can judge,
ignored these expressed wishes.

Individuals who have labored for an
economical administration of the U.F.A.
organization have failed in their efforts.
Mr. Schart has striven con-
sistently to secure economical reform
of expenditures of central office. No
result.

Mr. H. D. Hills protested the salary
grab at the Olds constituency con-
vention. He stated "We are endeavoring
valiantly to white-wash the situation
and as you all know white-wash does
not stand in white weather," and J.
Stauffer, who is responsible for nearly
half the membership of the Red Deer
riding charges "The Farmer's govern-
ment had presided a policy of right
retrenching, economy and curtail-
ment of expenses. This had not been
practiced, even though it had been
preached."

The Farmers' Plan shows the fallacy
of the proposal of some members to
balance the salary grab of the special
session by changing the payment
by indirect means to payments by direct
means at the next session, and anglo con-
cludes that it is important that legislators
should understand that "the state
necessity is not theirs to dip into as
they see fit."

If the U.F.A. assumed responsibility
for reckless expenditure or personal
greed on the part of the members, it
would be in poor taste for outsiders
to criticize attempts to white-wash the
salary grab, but as the payment of all
these extra expenditures is a burden
upon all taxpayers it is not only their
prerogative but their duty to criticize
the number or those who uphold the
member in unseemly or reckless ex-
penditure. Mr. Stauffer, mentioned
above, doubted the membership of
the Red Deer constituency in the two
years when he was U.F.A. director. He
has been president of the Olds lo-
cal from its inception until his recent
profitable business and is a life of such
character that his actual value to
the U.F.A. if influence within the
organization is effective his words
should be heeded by all.

Mrs. Geo. F. Root.

THE WORLD'S

RICHEST MAN

Who is the world's richest man? A
recent dispatch from England states
that a naturalized and English Ar-
gentine living in London, Sir Basil
Zaharoff, is today the wealthiest in-
dividual on the globe. It is who is
supported to have financed the Greeks
in their war against the Turks. Ar-
gentines, however, seem to think that
this title belongs to one of their citi-
zens of the United States. It is, Mr.
Henry Ford, John D. Rockefeller or
Henry W. Mellon.

But, Mr. Mellon, a famous Ameri-
can statesman, says as far as he is
concerned that he cannot match dollar
for dollar the joint incomes of Ford
and Rockefeller. But, Mr. Mellon is a
fabulously rich as the named, it is a
very difficult matter to accurately
measure their actual wealth.

It is estimated that Rockefeller's
simple rule of 10 per cent capital at
least so many times their income will
not do. Ford, for instance, has the
biggest of all legacies and the most
profitable business and is a life of such
character that his actual value to
the U.F.A. if influence within the
organization is effective his words
should be heeded by all.

Mrs. Geo. F. Root.

very difficult matter to accurately
measure their actual wealth.

It is estimated that Rockefeller's
simple rule of 10 per cent capital at
least so many times their income will
not do. Ford, for instance, has the
biggest of all legacies and the most
profitable business and is a life of such
character that his actual value to
the U.F.A. if influence within the
organization is effective his words
should be heeded by all.

Mrs. Geo. F. Root.

THE WORLD'S

RICHEST MAN

Who is the world's richest man? A
recent dispatch from England states
that a naturalized and English Ar-
gentine living in London, Sir Basil
Zaharoff, is today the wealthiest in-
dividual on the globe. It is who is
supported to have financed the Greeks
in their war against the Turks. Ar-
gentines, however, seem to think that
this title belongs to one of their citi-
zens of the United States. It is, Mr.
Henry Ford, John D. Rockefeller or
Henry W. Mellon.

But, Mr. Mellon, a famous Ameri-
can statesman, says as far as he is
concerned that he cannot match dollar
for dollar the joint incomes of Ford
and Rockefeller. But, Mr. Mellon is a
fabulously rich as the named, it is a
very difficult matter to accurately
measure their actual wealth.

It is estimated that Rockefeller's
simple rule of 10 per cent capital at
least so many times their income will
not do. Ford, for instance, has the
biggest of all legacies and the most
profitable business and is a life of such
character that his actual value to
the U.F.A. if influence within the

less he is today reckoned as the great-
est individual financial power in the
world. He controls more wealth in
his private capacity—banks, mines,
old companies, and a multitude of in-
terests—than Ford and Rockefeller to-
gether. So states Babson, who is re-
cognized the foremost statistician in
the United States.

"Henry Ford has the largest indi-
vidual income," declares Babson in the
Wall Street Journal, "but not in the
sense of actually handling the money.
Though Ford desires to liquidate his
personal requirements, the bulk of the
\$125,000,000 or so which the Ford
Motor Co. and its subsidiaries earn
him he leaves in the business. He is
not willing to take chances, and he
has told me he realizes the risk he
is running in so doing, but he says
he doesn't care anything about money
and is quite willing to take chances,
and continue to do good to his fellow
men if he believes he is doing it.
If Mr. Ford and Elsie were killed in
a motor accident tomorrow, and
Mrs. Ford desired to liquidate her
business she would find it very diffi-
cult to do so—and if the business
could be sold for half the amount of
Mr. Rockefeller's fortune it would be
very fortunate."

Unlike Ford, Rockefeller has branch-
ed out and invested money earned
from oil in a multiplicity of things.
Though Mellon pays an income tax of
between \$2,000,000 and \$3,000,000
while Ford and Rockefeller each pay
\$6,000,000 each, it is said that Mellon
could easily double his income if he so
desired. Babson, who knows him well,
avows that he has the financial power
if he cares to exercise it, but being
just a banker and a capitalist rather
than an investor, he enjoys exercising
his talents in building up great man-
ual and industrial enterprises, rather
than merely increasing his income.

It is a problem to say which of the
three men is really the richest. But
it is estimated that Rockefeller is
worth approximately \$75,000,000, and
Ford and Mellon about \$50,000,000
each.

The publication of the syllabus for
the 1923 Alberta musical festival may
be expected by the public on or about
January 1, indicates the committee in
charge.

Opportunity and Canadian Boys

The Shawbridge Boys' Farm and Training School at Shawbridge, where Mr. E. W. Healy, principal, is seen with the boys. Right—Good things bring happy days for the boys.

In the heart of the Laurentians, surrounded by lakes and mountains, that comprise that far-famed summer resort of Eastern Canada is the Shawbridge Boys' Farm and Training School, an institution that is doing a great and much needed work. Its several fine buildings are set in surroundings that make for the upbuilding of physical and mental stamina, and upwards of two hundred lads of varying ages are there being given a new and better chance to make good in this country of opportunity for young men.

The farm is supported partly by a grant from the Quebec Provincial Government, and partly by public subscription. Its principal, Mr. E. W. Healy, President of the C. P. 2, and at a recent gathering there, Mr. Healy gave an address in which he said many things that might profitably be read by all Canadian boys. He said in part:

"When I was a very young boy at school, I did not get along in study. I worked a little, but I played a lot, and I did many of the things I should not do, and I made more mistakes than I should. When I was thirteen years of age and had finished one year's course in a primary school in Toronto, my parents received a report which, without bragging, I think I may say was the worst report ever written about a boy. I was in trouble from the beginning of the year. I had spent most of my time after hours in school, doing the things I should have done during the class period. When this report was received, it was accompanied by a note that in the opinion of the principal of that school it would get along fairly well if I did not return."

I do not remember ever having felt so humiliated or anything like that. I was when I read that report. I felt that I had proved to the school and to the other pupils my inability to do as well as others and also the advantage of the educational opportunities which were offered me. I was sent to another school where my record was not known, for which I was very thankful. I there fell into the hands of a teacher who was one of the best teachers I have ever known. I had never met though he had a very violent temper. He encouraged me when he was not abusing us. If anyone showed inattention he was likely to be hit on the head with a ruler, but the first words of encouragement I ever received came from that man. He said to me that some day if I worked hard I might amount to something, and he encouraged me. I had never heard him before. In any event he gave me an inspiration to study, and I worked hard. The next year I was sent to a school where the principal was a very strict man.

\$15,000 AWARD TO WIDOW AND TWO CHILDREN

Mr. J. Justice Walsh has handed down judgment in favor of the widow and two children of the late John Walsh, who was killed on the job while working on the "Joint section," which is a part of the Edmonton, Dawson and British Columbia railway, now which the A. and G. W. Railway has acquired the rights. The lordship gave damages against the railway company for \$15,000, of which \$10,000 went to the widow and \$5,000 to each of the infant children.

The death of Walsh was caused by a collision between a passenger train and a freight train. A light was carried on the freight, but no light was carried on the passenger, which was operated by a section man employed on the Joint section. The collision occurred in the yards of the C. P. and G. W. Railway about 11 o'clock on a dark night.

tion of this fact increased until I am now satisfied that no one ever succeeded who did not work and that for untold events or accidents do not make for permanent success. None of you here will ever regret the time you have spent in mastering things which appear hard, or in acquiring qualities of habits which they have inherited or which you have acquired. The older you grow the more you will realize that the time you have spent in this young country is fighting for a living, that competition is keen and more strenuous than good positions.

You will be told that your object in life is to be a success, and that is true, because without ambition to a success no man goes very far. But success does not necessarily mean the acquiring of money or the obtaining of high position. A man may be a success in the career of the farm, if he has moderate means, is charitable and helpful to others, and, above all, retains his own self-respect, which inspires the respect of others, quite regardless of money or without it.

You will find, too, that the things which you admire in others are the things which you would like to be. You will see in the lives of others in accordance with three or four simple standards. If he possesses those qualities and standards he will be admired and respected by his fellows. If he does not, he will fail.

To attain success, the most essential thing is good health. A sound body usually means a sound mind, and a body which is careful of its health and makes himself strong and vigorous has distinct advantage over those who are physically weak. It is not impossible, it is extremely difficult for anyone to work against the handicap of ill health. And so I say to you in all seriousness, work hard, and play hard, and games and spend your time as much as possible in the open. Build your muscles up, because you may live a long life, and every one of you should live up to your youth and to your vitality when you are older.

If that is a physical necessity to a man's success, there are certain moral qualities without which he cannot obtain permanent advancement. The first is honesty. No man in this, or any other country who is not honest has attained permanent success. He may appear to do so. He may amass money by means which are at least doubtful, but without honesty he cannot gain or retain that money. If he is dishonest, he will lose it, and he will be a failure.

The second essential is courage. There is a word we use to sum up a lot of qualities which we admire in any boy, and that is manliness. Manliness means a boy who is courageous, who is brave, who is generous, and who respects himself and others. Everyone admires a manly boy. No one admires a boy who is a sneak, who cheats, who does mean, underhanded things. We like a boy or a man who stands on his own feet, looks everyone in the eye, who succeeds because he works and because he uses his ability for his own advancement, without injuring anyone.

Learn all that you can learn. Follow the instructions of your teachers, because later what they teach you will be found of great advantage, and without it you will feel handicapped, embarrassed, and sometimes ashamed.

CHURCH CHIMES

SWEDISH LUTHERAN
Remember the services at 11 a.m. on 2nd and 4th Sundays in each month, and that you are invited to attend if.

REVIVAL SERVICES
Old time religious services every night at 8 p.m. and 2:30 p.m. and 8 p.m. Sundays, Evangelist, P. E. Lee, speaker. Everyone welcome. 26th.

ZION LUTHERAN
Bitter Lake
Sunday school at 10:30.
Service at 11 o'clock.
The services are combined German and English. Meeting after service. Pastor—O. C. Thibault.

METHODIST CHURCH
Sunday, November 26th, 1922
11 a.m.—"In the world of Reform."
2:30 p.m.—Sunday school and adult Bible class.
7:30 p.m.—A lesson in biblical interpretation.
Practical service in church parlors every Wednesday evening at 8 p.m.

IMMANUEL CHURCH
Sunday, November 26th, 1922
10 a.m.—Sunday school.
11 a.m.—Matins and Holy Communion.
7:30 p.m.—Evening service. Subject, "Christ's Second Coming."
Both services will be conducted by Rev. A. A. Adams.

PRESBYTERIAN CHURCH
Minister, Rev. A. L. Elliott, M.A., B.D.
Sunday, Nov. 26th
11 a.m.—"The Source of Courage."
2:30 p.m.—Sunday school.
7:30 p.m.—"One Young Needful."
"David encouraged himself in the Lord his God."
"Mary hath chosen that good part which shall not be taken away from her."

EVANGELIST A. F. WALL

Who is conducting protracted meetings in the Baptist church, Wetaskiwin. These meetings will continue over every evening this week except Saturday and Sunday. The meetings will be held at 10:30 a.m. and 8 p.m. A great deal of interest has been taken in the meetings, as they will be preaching a full gospel. Large crowds are coming with increased interest. Souls are being saved. The English people are especially invited for the Sunday morning service.

MILD WINTER AND CYCLE OF DRY YEARS AHEAD
Residents of the north, long famed for their properties with regard to climate, are now unanimously of the opinion that all signs point to an unusually mild winter. In support of this forecast, trappers state definitely that the beavers have fully-dressed unprecedentedly with the construction of their winter homes. Observers also state that the squirrels have collected extremely small stores of food for the coming months.

According to the calculations of the provinces first residents, Alberta is to have a further ten years' moisture shortage in the north, and the Indians look for another year at least which will prove as dry as the past season. Forest rangers state that the north is visited with drought in cycles of twenty years and that the present condition will remain in force.

SUFFERED TERRIBLY FOR FOUR YEARS WITH HEART TROUBLE

Of late years heart trouble has become very prevalent, and we know of no remedy that is so much needed as the heart's strength and vigor, regulate its heart and restore it to a healthy state. Mr. and Mrs. P. A. Milburn, N. S., writes:—"I suffered terribly, for four years, with heart trouble. If I would walk fast or go up stairs my heart would beat very fast, and I would get tired very quickly. I tried different remedies, but could not find anything that seemed to do me any good. One of my neighbors advised me to take Milburn's Heart and Nerve Pills, which I did, and I certainly received good results. I can truthfully say I owe my life to these pills, and I would highly recommend them to anyone who is troubled with heart trouble."

Price 25c a box of all dealers or mail order receipt of price by T. Milburn Co., Limited, Toronto, Ont.

FREE DISTRIBUTION OF SEED GRAINS IN THE YEAR 1923

A free distribution of superior sorts of grain will be made during the coming winter to Canadian farmers, the cereal division of the experimental farms branch, Ottawa. The samples will consist of spring wheat (2 lbs) white oats (1 lb), barley (2 lbs), flax (2 lbs), peas, not garden peas (2 lbs), field beans (2 lbs) flax for seed and flax for fibre (2 lbs).

The cereal division of the experimental farms branch has improved many of the old varieties of grain and introduced many new varieties. The best of them have been multiplied and propagated under direct supervision of responsible officers, on the experimental farms both east and west. This seed will form the bulk of stock from which the various samples will be taken. The seed is therefore the purest and best that is obtainable. Of some of the more recent introductions there is only a limited supply, so it would be advisable to secure the same as soon as possible.

Among the grains for distribution will be found the Liberty hulls, an oat that is excellent for human use, and to a limited extent for young stock. Among the cereals there is most outstanding for distribution will be the Ruby wheat, a wheat that ripens from eight to ten days earlier than Marquis and is suitable for districts where Marquis is not early enough. This year among the barley will be found Charlotte No. 30. This is a two rowed barley that has a tendency to drop its awns. The supply of this variety is very limited. We hope also to distribute Himalayan barley, a hullless variety which is a good yielder and suitable for young livestock. There will be only one variety of peas for distribution, named Mackay Ottawa 25 which is a main crop pea and not suited to districts where early frosts occur.

The object of the distribution is twofold; first, that the farmer may get a small sample of good seed to start his crop; second, that the cereal division may find out how their improved grains will behave under various conditions of soil and climate. Therefore, it is necessary that all the information asked for on the application form should be fully answered. This also holds true with the report forms which each man is asked to fill out after he has grown the sample.

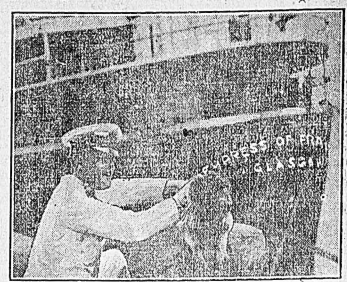

FIRE PREVENTION

It is during the fall and early winter that special attention should be paid to smoke pipes, chimneys, smoke stoves, etc. Where these are neglected, they frequently start, cause fires, and deteriorate during the summer, when the hot fires are started up in the fall, or they are put to a severe test during the first cold snap, a blaze is likely to result. Now that "fire prevention" and safety first have become national slogans, the importance of careful supervision of heating apparatus and fires should be recognized by every good citizen, and a thorough inspection should always precede the first use of heating apparatus.

There is special need of unusually careful attention to flues, smoke pipes and heating apparatus generally this season because of the abnormal fuel conditions.

Have Your SCAVENGER WORK done by CITY SCAVENGER J. W. Gibson

"Billy" Finds His Master

"BILLY" is home at last; after years of travel in foreign lands, and long months spent in the mud, rain and water of the Canadian front in Flanders Billy has at last arrived at home—and his homecoming is a thing of romance.

It was three Billy lost his master at the docks at Quebec. He was a dog, but a wise little dog and a friendly little dog. He was quite willing to make friends with all nice people, but there he stopped. No one could take the place of his rightful master, and for four long years "Billy" sought his lost best friend on the docks at Quebec.

"Billy", and time and again a comfortable home was offered him, but back he came to the dock in search for the lost unknown, and seemed content to spend the rest of his life in that occupation.

"Billy" became a public figure—his picture and his story got into the papers, and thus he found his home. Major W. C. Lanson, of the 26th New Brunswick Battalion, read the story and believed that "Billy" was "Don", a wire-haired terrier that had attached himself to the 26th, and had been accepted as a regimental mascot and personal friend by the entire battalion. So "Billy" was sent to Minto, N.B., and on his arrival the recognition between him and Major Lanson was mutual and enthusiastic. "Don's" troubles and travels are over and he again answers to the name of "Don" as the soldiers of the old 26th know him. Before him lies an honored age of peaceful ease as he sits on his long lost owner. Everybody liked

MUNICIPAL DISTRICT OF BIGSTONE, 459

Take notice that I will be at A. P. Mitchell's office in the village of Millet, on Saturday, November 25th, for the convenience of anyone wishing to pay taxes.

E. N. RATTRAY, Sec. Treas.

COMMUNICATION

(We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading—Ed.)

Millet, Nov. 21st, 1922.
Editor Wetaskiwin Times.

Dear Sir: At the last meeting of the Millet U.F.A. the following resolution was passed:

Whereas it is the usual practice for canvassers for every form of charity to importune our M.L.A.'s and M.P.'s for unreasonable amounts on account of their official position, and Whereas this is usually forced from them under what is practically an implied threat of withdrawal of support in case of refusal, it amounts to nothing less than actual bribery and corruption.

Therefore be it resolved that we condemn this custom in the strongest terms and urge our members not to accede to it, but to give an example by their position but also as conciliatory dictates.

Yours,
Henry G. Young,
Sec., Millet U.F.A.

THE BIBLE VERSUS EVOLUTION

"What is man that Thou art mindful of him, or the son of man that Thou visitest him. For Thou hast made him a little lower than the angels, and hast crowned him with glory and honour. Thou hast given him dominion over the works of Thy hands."—Ps. 8; 2-7. Also Gen. 1: 28.

The above is "old" world. Evolution teaches that man's ancestors were monkeys. Which is the more lofty and pleasing conception? One is truth founded on evidence, the other (evolution) is a fiction without basis in fact, and is a substantial claim. One is inspiration, the other desperation. One teaches God is love, the other that there is no God but merciless force.

The Bible is the testimony of eye witnesses, the other the ravings of madmen that are wise in their own conceits.—Prov. 26; 12. The one is reasonable. "Come now, let us reason together saith the Lord."—Is. 1: 18. "Taste and see that God is good." Ps. 34; 8. King James version. Ezekiel XVIII; 23. "Have I the least pleasure in the death of the wicked saith the Lord Eternal." Also Job verse, "For I have no pleasure in the death of him that dieth; but rather that he should turn back from his evil."—Ezekiel 18; 32. "The wicked shall be cut off: but the righteous shall be preserved."—Ps. 37; 35.

"Taste and see that God is good." Ps. 34; 8. King James version. Ezekiel XVIII; 23. "Have I the least pleasure in the death of the wicked saith the Lord Eternal." Also Job verse, "For I have no pleasure in the death of him that dieth; but rather that he should turn back from his evil."—Ezekiel 18; 32. "The wicked shall be cut off: but the righteous shall be preserved."—Ps. 37; 35.

"Taste and see that God is good." Ps. 34; 8. King James version. Ezekiel XVIII; 23. "Have I the least pleasure in the death of the wicked saith the Lord Eternal." Also Job verse, "For I have no pleasure in the death of him that dieth; but rather that he should turn back from his evil."—Ezekiel 18; 32. "The wicked shall be cut off: but the righteous shall be preserved."—Ps. 37; 35.

"Taste and see that God is good." Ps. 34; 8. King James version. Ezekiel XVIII; 23. "Have I the least pleasure in the death of the wicked saith the Lord Eternal." Also Job verse, "For I have no pleasure in the death of him that dieth; but rather that he should turn back from his evil."—Ezekiel 18; 32. "The wicked shall be cut off: but the righteous shall be preserved."—Ps. 37; 35.

"Taste and see that God is good." Ps. 34; 8. King James version. Ezekiel XVIII; 23. "Have I the least pleasure in the death of the wicked saith the Lord Eternal." Also Job verse, "For I have no pleasure in the death of him that dieth; but rather that he should turn back from his evil."—Ezekiel 18; 32. "The wicked shall be cut off: but the righteous shall be preserved."—Ps. 37; 35.

"Taste and see that God is good." Ps. 34; 8. King James version. Ezekiel XVIII; 23. "Have I the least pleasure in the death of the wicked saith the Lord Eternal." Also Job verse, "For I have no pleasure in the death of him that dieth; but rather that he should turn back from his evil."—Ezekiel 18; 32. D. W. WARNER, M.P.

St. John, N.B.—During the winter season last, about the Canadian Pacific Railway shipped 11,500,000 bushels of grain from the elevator here. Last season's accounts accounted for slightly over 9,000,000 bushels.

Quebec, P.Q.—The largest number of first-class passengers that ever came into a Canadian Atlantic port at one time arrived here on board the Canadian Pacific steamer "Empress of Scotland." The increasing number of Canadian tourists, American travellers, which includes a three-day trip on the majestic St. Lawrence river, is evidenced by the fact that it was necessary to have a special train to accommodate the passengers from the "Empress of Scotland" going to New York and other American points.

Vancouver.—Last year the Canadian Pacific Railway moved 5,000 cars of fruit and vegetables out of the Okanagan Valley. This year an increase is expected.

Mr. F. W. Peters, general superintendent of the C. P. R., returned recently from a week's visit to the valley, during which he met agents of the company and discussed improvements for handling this year's crop.

New York.—The dispatch with which passengers arriving at Quebec on the Canadian Pacific Express ships are handled is instanced. Soon after the arrival of the "Empress of Scotland" at Quebec, on April 30th the 168 passengers of the New York Great Canadian C.P.R. train alongside the ship. This was at 9 o'clock a.m. Passengers reached New York Grand Central Station next day at 2:30 p.m., without a transfer from the carriage in which they set out.

The "Empress of France" arrived in Quebec on May 11th, bearing amongst others, 150 passengers for New York. These passengers left Quebec alongside the ship at 9 a.m., arrived in Montreal at 2:15 p.m. They had the opportunity of remaining in Montreal until 7:15 p.m., when they left for New York, and arrived there at Grand Central Station at 6:45 on the morning of May 12th.

Tokyo, April 18.—By Mail.—"Here's Canada! Look at this! I've been to all these places. Where's my ranch?"

In this characteristic, rapid-fire fashion did His Royal Highness, the Prince of Wales greet Canada as he came to a halt before the 30 foot illuminated map of this country that hangs in the Canadian Pacific Railway exhibit at the Tokyo Peace Exhibition recently opened. It was on the occasion of the Prince's much rushed visit to the Exhibition that the same gentleman, among the numerous events of his official visit to Japan, and the fact that he spent no less than fifteen minutes at this particular exhibit may be taken as a very good compliment to Canada.

The "P. F. man" in Alberta who the Prince bought during his visit was said to be together with Bank, Lake Louise and Timmins, all associated in the royal visit, and incidentally by the insurance board in former years were replaced by gain made during the present year.

New Liskeard.—The work of constructing the railway extension of the C. P. R. from Kinsara to Des Quins is progressing at a good rate, and already the grading has been completed on 35 miles of the extension, being 10 miles of rails having been laid.

The present contract, held by Angus & Taylor, is for the construction of 70 miles of rail, the northern end terminating in the vicinity of Des Quins, one of the greatest series of waterfalls in Northern Canada.

This extension near the C. P. R. on the southern outskirts of Mineral lands of big prospective merit in that part of the Province of Quebec lying adjacent to the gold-mining fields of Ontario. It is known that the C. P. R. has also carried survey work far into the new land to the north.

Moore Jaw.—The subway at the Canadian Pacific Railway station is about to be put into commission. All six passenger trains in the passenger terminal are completed, and the first four tracks are in operation. The work of completing the subway is in full swing. The stairways are in place and the interior of the subway is lined with the handsome glazed tile.

When the subway is put into commission the general public will not be permitted on the station platform. The tickets will be inspected at the doors leading from the waiting room to the subway. Passengers alighting from trains will descend the stairs to the subway and then pass up the stairs into the depot. The completion of the subway will finish the building programme undertaken by the company three years ago.

Moore Jaw.—Out of a total of 44,817 cars of grain loaded at country elevators on the Canadian Pacific line in the three prairie provinces, between September 1 and October 14, 25,500 cars were loaded in the Saskatchewan district.

The total quantity of grain shipped on the Canadian Pacific line up until October 14th, was 65,219,458 bushels, or an average of 1,455 bushels per car.

Some idea of the enormous increase in the quantity of grain handled this year, up until October 14, as compared with the amount handled in the same period in 1915 and 1921, can be obtained from the figures following:

Cars Bushels
Year. Shipped. Loaded. Marketed.
1915—23,970,422 31,644 32,751,971
1921—22,519,458 44,817 84,650,194

St. John, N.B.—On the Shore Line division of the C. P. R. the layover of heavy rails is being continued from St. Stephen towards St. John, and it is expected that the heavy steel will be completed to Portland, before the very cold weather sets in.

Edmonton Weekly News Bulletin

No Income Tax Next Year

There will be no provincial income tax legislation introduced at the coming session of the legislature, according to advice sent by Premier Greenfield to the Calgary board of trade in answer to an inquiry. The premier has stated that it is not the intention of the government to advance this legislation at present.

More Rural Phones

As a result of a campaign launched by Hon. V. W. Smith, minister of telephones, there has been considerable increase in the number of rural phones now in use, and the situation is such that the government now controls 32,000 phones.

Seed Grain Being Sold

The surplus seed grain of the farmers of the province, which is being handled through the government cleaning plant at Edmonton, is now being offered for sale by the crop branch of the department of agriculture. Requests for this grain are now being received at the office of this branch and those who wish to purchase should apply there.

Big Dairy Convention

One of the largest dairy conventions ever held in Alberta is being held at Calgary January 23 to 25, when the dairymen of all western Canada will meet there in annual conference. Delegates from the four western provinces will be in attendance. The Alberta provincial dairy convention will be held at the same time, and a very large gathering of dairymen during that week is expected. The convention will discuss all branches of dairying and the problems attendant upon each. The recently inaugurated system of government grading of cream by the provincial department of agriculture, which has proved such a success, will be an interesting topic for discussion.

New Train Service

Train service has now been inaugurated over the twelve mile extension of the Alberta Government railway west of Lacombe. There will now be three trains a week over the line from Lacombe to the new terminus and return.

New Irrigation Project

Work on the new United Irrigation project near Cardston has been completed, and the project will be in use next spring. The sale of \$250,000 of debenture, which brought a premium of \$10,000, will likely be sufficient to cover the cost of the project, without the necessity of issuing the further \$15,000 at first contemplated. This will make the capital cost of the project about \$22 an acre.

Many Exhibits at Chicago

Alberta will have a considerable number of seed grain exhibits at the international fair and grain show at Chicago next month. Already there are over fifty entries and at many more are expected.

Poultry Show

The provincial poultry show will be held in Edmonton during the week of

SHE HAD
Pimples and Blotches
on Her Face

Many an otherwise beautiful and attractive face is marred by pimples and blotches which are caused usually by bad blood.

Miss Sarah Sharp, Glebeville, Man., writes: "I suffered for some time with pimples and blotches on my face, which made me ashamed to go out in company, and I also had bad headaches. One day I heard about Burdock Blood Bitters, and it had relieved me of both the headaches and pimples."

There is an effective remedy for these facial defects, and that is **BURDOCK BLOOD BITTERS**. It drives out all the impurities from the blood and leaves the complexion clear and healthy.

Miss Sarah Sharp, Glebeville, Man., writes: "I suffered for some time with pimples and blotches on my face, which made me ashamed to go out in company, and I also had bad headaches. One day I heard about Burdock Blood Bitters, and it had relieved me of both the headaches and pimples."

B. B. B. is manufactured only by The T. T. Millar Co., Limited, Toronto, Ont.

How the Udder of a
valuable cow was
saved

One K. Robinson, of Chicago, writes: "A recent experience in relation to a valuable cow of mine has done much to convince me of the great worth of Burdock's Blood Bitters. One of the best friends to all who have a valuable cow."

"I think I am safe in saying that among all the animal medicines there is none that cures a cow of a full udder more than Burdock's Blood Bitters. A real friend to all who have a valuable cow."

**MINARD'S
"KING OF PAIN"
LINIMENT**
Yarmouth, N.S.

January 15, and the price list is now in course of preparation.

Home for feeble Minded

Rapid progress is being made on the new home for the feeble minded children just north of Edmonton, and it is expected that the new institution will be ready for occupancy early in the year. There are now ten hundred inmates ready to be housed in the new home. Occupational work will be a strong feature of the system of treatment for patients. Dr. W. J. McAllister is to be the superintendent of the home. He is now engaged in special training at the Waverley Institute in Massachusetts.

May Settle in Alberta

In view of the fact that a large number of British officers will be demobilized from the army in India shortly, and that these men have a small amount of capital and are desirous of securing land in the overgrown dominions, an effort is being made to interest them in Alberta. Major F. Yates Brown, one of these officers, is now on a tour of Canada and was in Alberta the most week, for the purpose of gathering information and investigating conditions.

Information for Russia

An interested visitor to the department of agriculture at Edmonton the past week was D. N. Borella, of the city of New York, who is travelling through Canada gathering information regarding farming conditions and farming methods, for the government of Russia, which is introducing some reforms in connection with farming in that country. Mr. Borella was greatly interested in the new co-operative seed marketing plan recently inaugurated by the department here, as well as the other co-operative schemes already in operation.

R. C. Edwards, J.L.A., of Calgary, and famous as the editor of The Calgary Eye-Opener, died at his home on Tuesday, November 14. Mr. Edwards was elected as one of the five Calgary members in the provincial legislature in 1921. His death will necessitate a bye-election in Calgary.

SAFETY RULES FOR GASOLINE

Remember: that you must take no chances with gasoline; it is one of the most dangerous explosives in common use.

It must be kept in tightly fastened cans; never in glass bottles. It should never be uncovered within the house nor at any point where the fumes can travel to an open flame, a live coal, or a spark.

Do not use it for cleaning. If you can get a safe cleaner.

Gasoline is usually should be kept in underground tanks.

No one should be allowed to smoke in a garage.

No one should be allowed to smoke in an automobile, while its gasoline tank is being filled.

Do not use water upon a gasoline or coal oil fire; use a chemical extinguisher, or else throw earth or sand upon it.

NEW FEATURES ARE
INTRODUCED INTO
LIFE INSURANCE

Opportunities are offered in life insurance policies today that would have astonished our grandparents.

Every year sees new improvements and changes in policies which now cover practically every human risk.

At one time people took life insurance to mean that premiums were paid until death, and the dependents received the money from the policy. Nowadays people are beginning to understand the policies of life insurance and are securing protection for their old age through the pension policy, the endowment and other such plans.

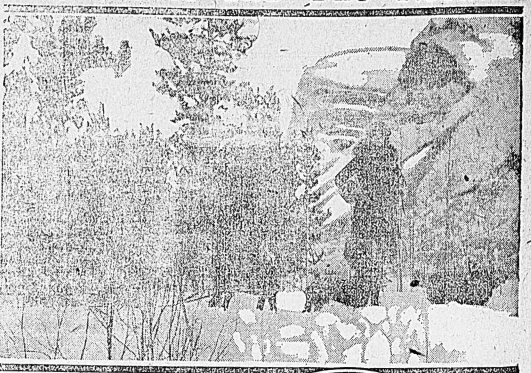

As a matter of fact two hundred millions of dollars have been paid to living policyholders in the last ten years by the life insurance companies of Canada.

The latest policy presented to the public has been named the Capital Return policy, and appears to have many excellent features. It is apparently so named from the fact that all annual premiums with dividends are returned at the end of twenty years.

Such policies very liberal benefits can be attached. For instance, where a man becomes totally and permanently disabled through accident or illness and is unable to earn a living, he would be taken care of through a certain clause in the policy which cancels all future premiums and instead pays him a monthly income for life, the amount varying according to the size of the policy. This is a protection against something even worse than death, for living expenses continue whether a person is disabled or not.

Furthermore, the companies are now attaching what is called "The Double Indemnity Clause." This is the latest improvement which has been introduced by permission of the government through recent legislation.

The Movie and The Rockies

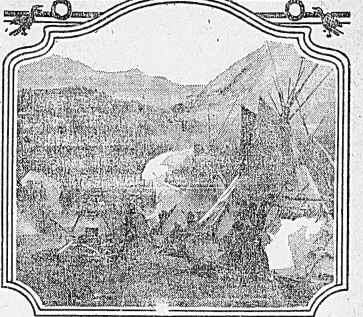

WHILE acting as special investigator for the Canadian Government, James Oliver Curwood became enamoured of Nature's wonderland in the Canadian Rocky mountains and made it the scene of many of his stories. "The Valley of Silent Men," that little Eden of the North, over which three snow-capped scintillating mountains keep perpetual ward, was no myth. Mr. Curwood simply claimed it by romance's right, and blazed the way to it over the trail taken by his heroine, the little Canadiane, Marlette, and the gallant Corporal James Kent of the Royal Mounted Police.

But with all his skill as a word-painter, Mr. Curwood could only indicate the natural beauties of this Paradise. Even the "still" camera and the painter's canvas can capture only isolated bits of natural beauty which seem so remote that the spectator can hardly realize their truth. But now the motion pictures have followed Mr. Curwood's trail, and in filming "The Valley of Silent Men" amidst the very scenes which the author described in his thrilling romance, will bring home to millions of screen devotees the natural wonders of the Canadian Pacific Rockies.

Comopolitan Productions on acquiring the motion-picture rights to "The Valley of Silent Men," sent a company up into the mountains early last spring. For twelve weeks they camped and took pictures about Banff and Lake Louise, and the camera caught that miracle of the snow-covered, the coming of spring in the snowy wilderness. Frank Borge, celebrated as the director of "The Morgue" and other successful Comopolitan productions, captured the scenes which were headed by Miss Alma Rubens, as the heroine, Marlette, and Lew Cody, as the gallant corporal of the Royal Mounted, Edward Fern, the veteran guide, played the daring picture through dangerous passes, while in

When this benefit is attached, the company assumes the risk of paying double the amount of the policy if the policyholder meets with accidental death.

The main difference between this and other plans of life insurance is that all annual premiums are returned with dividends after the policyholder has had protection for 20 years. This is a decided step forward in the matter of insurance protection and will no doubt prove very popular when it becomes better known to the public.

The upper picture is Alma Rubens, who plays the part of "Marlette" in "The Valley of Silent Men," and a dog team in the Canadian Rockies at Banff, Alberta, last spring. The lower picture is a glimpse of the campsite of Stoney Indians near Banff, Alberta.

an excellent moving-picture of the Canadian Rockies.

It took a long time to find just the right place in which to film this thrilling story. In the first place the scenery had to conform to the author's description, and after that it had to be far and away out of the run of ordinary mountain scenery. It had to be a scene of grandeur, and interest that would help in filming the key depths of that vast frozen river. Dog sledges, here the lovers into a veritable "Valley of Silent Men," where their romance ended happily beneath the benediction of the three white sentinels of this snowy Eden of the Northland.

No trail was too long or dangerous for Director Borge and his courageous company, and the results as seen upon the silver screen achieve not only a perfect pictorialization of Mr. Curwood's romance, but

Penniless Old Man

You know many of them—men who in their prime made plenty of money, but who spent as freely as they earned. Old age finds them in a sorry plight.

You don't expect to be without means of support when you grow old, do you? Neither did they. But you can escape their bitter experience if you will.

A few dollars saved each year and invested in a Mutual Endowment Policy will provide the means to keep you in comfort in your old age. Or it will take care of your family should death call you early.

ELMER R. PENDLETON

LEWISVILLE

Mr. Robert Wheeler left Armistice Day for British Columbia, where he will remain indefinitely.

Mr. Albert Pluin delivered a car load of cattle to Kalline Bros. of Perivost last week.

Miss Nellie Jones returned home from Edmonton Saturday, and is convalescing nicely after her operation.

Mr. Tony Greiner has purchased a residence. Quite a number of his friends met at his home Sunday to enjoy the music, etc. from distant cities.

Miss Della Richards of Czar, who is attending normal at Charlottetown, visited with Miss Wigg over the week end.

Mr. Jas. Lock transacted business in Hobbema Monday.

Messrs. Logan, Miss Logan and the Misses Hutchinson attended a social gathering in Wetaskiwin Saturday evening.

Mr. Gerald Carlyle, of Portland, Oregon, was a visitor in the vicinity last week.

Mr. J. C. Gibson, who has been suffering from rheumatism, was improving at latest report.

Mrs. Burr is visiting with Mrs. W. Burdette of the Wetaskiwin district.

GWYNNE

Mr. and Mrs. Sam Freeman of Talsi spent one day last week with their aunt and uncle, Mr. and Mrs. Fred Freeman.

Miss Jennie Maxwell and Mr. Bert Peters took the early train Sunday morning to spend a few days with friends in Edmonton.

Mrs. Esmy and two children of Leduc visited friends here recently. Miss Bertha Freeman spends her week ends with her parents here.

The home of Mr. and Mrs. Jack Johnson was totally destroyed by fire on Friday night.

The regular Sunshine meeting will be held at the home of Mrs. E. Cole on Thursday, Dec. 7. Everybody welcome.

We are glad to learn that Miss Curry Freeman has passed her probation term successfully at the Lamont public hospital, and is now wearing the nurses' uniform.

Mr. Albert Reid is now hatching. How do you like it, Shorty?

MILLET

The choir of the Methodist church is giving a concert on Thursday night (tonight), Nov. 22d, at 8:30 p.m.

A real treat is in store for us, as some of Wetaskiwin's best soloists are coming up to assist our local talent.

Our church has for a considerable time been in sore need of new Sunday school and church hymn-books, and so the choir has planned to present the congregation with brand new books.

The ladies of the congregation are very generously serving lunch after the program is over. The admission fee is so small—only 25 cents—that no one can afford to miss this evening.

Mr. Jas. Christie had the misfortune last week of injuring his leg through the falling of his horse while riding horseback. We hope that nothing serious has happened, for he has not yet been able to leave the house except on crutches. Mr. and Mrs. Beaulieu visited them on Sunday.

Rev. Arthur Murphy, M.A., will continue his bible study talks on Friday evening of this week. All are cordially invited to come.

The Sunday services will be held as follows:

Porto Bello—11 a.m.
West Liberty—3 p.m.
Millet—7:30 p.m.

Rev. A. Murphy will preach at all of these services. Everybody come.

Don't forget the monthly rent room dance Dec. 1st. \$1.00 per couple, extra lady 25c. Come and help the upkeep of the hall.

The November meeting of the Millet W. L. was held at the home of Mrs. Von Arx.

Report from the rent room committee was read, also an itemized account given of expenses incurred and money on hand.

It was thought doubtful whether the institute would be able this year to pay the expense of a caretaker, but after some discussion it was unanimously decided to try it for three months at any rate.

A vote of thanks was tendered the rent room committee.

A motion to again buy a supply of dishes was carried, with the proviso that said dishes be used exclusively for institute use.

It was suggested that if anyone had any extra furniture in their homes the rent room would be a very suitable place to keep it.

The answer to roll call "hat can we do to improve the institute?" brought forth some excellent suggestions.

After a solo by Mrs. Hoping every one did ample justice to the delicious lunch served by the hostess, assisted by Mesdames Arnold, Dawdell and Dunn.

The German government has forwarded a formal note to the reparations commission in Paris, informing the commission that the reichsbank is prepared to advance the German government 500,000,000 gold marks toward a loan to stabilize the mark, provided an equal amount is forthcoming from abroad and subject to the conditions proposed by the foreign finance experts who recently visited Berlin in connection with the stabilization project.

TOWN TOPICS

Christmas will be here in about a month.

Mr. and Mrs. Selia of Calgary spent the week-end in the city visiting L. B. Widen and other friends.

The W.M.S. will hold a bazaar and sale of home cooking the first week of December. Particulars later.

The W.A. of Immanuel church will hold a tea and sale of work in the Parish Hall on Saturday, December 9, from three to six.

Messrs. L. O. and T. J. Pelland left Monday night for Manitow, Wis., U.S.A., to attend the funeral of their mother.

C. T. C. Roper of Hiltner Lake, passed through the city on Sunday with a fine deer which he shot in the west country last week.

The carter's dance on Friday evening last was very enjoyable and successful. The attendance was not as large as hoped for.

Remember the annual meeting of the association will be held in Angus Theatre on Thursday evening of next week. See adv. elsewhere in this issue.

Mr. and Mrs. Edgar Stoenrud, Mr. A. S. Rosenroth and Miss Stoen spent Sunday at the home of Mr. and Mrs. Arthur de Rosenroth, at Perivost.

Harry Scott, sporting editor of the Morning Alberta, was in the city on Friday last, on route to Saskatchewan, and attended the meeting of the local hockey league while in the city.

The Women's Institute will hold a tea at the home of Mrs. Gilbert Sykes on Friday afternoon of this week, from 3 to 5:40. Everybody is cordially invited to attend.

Four boys were before the police magistrate this week charged with theft. Two were let out on suspended sentence and the others were allowed to go with a severe reprimand and a warning.

Don't forget the big feature "The Storm" at Angus Theatre, Thursday and Friday of this week. One show nightly commencing at 8 o'clock. Admission 50c plus tax; children under 15, 25c tax included.

Owners of cottages at Pigeon Lake are again requested to pay their assessment of \$1.00 towards the expenses of the caretaking of the cottages during the winter months. This should be paid either to the secretary, C. B. McLeod, or to V. A. Miquelon or J. F. Ellis.

P. S. Wilson, of Vernon, B.C., arrived in the city the first of the week to look after business matters and incidentally renew acquaintances.

He is looking well, and says that Mr. and Mrs. Elges and Mrs. Wilson are enjoying good health and are getting quite fishy.

The Wetaskiwin high school basketball team went to Lacombe on Friday night and were defeated by a lopsided score by the team of that town. The boys say the game was played inside and they were not accustomed to inside basketball. A return game will be played shortly, when the local boys are hopeful of getting a victory.

The ladies of the Catholic church are holding a bazaar on Thursday, December 7th in Angus Hall. At the same time a chicken supper will be served for which a charge of 50c will be made for adults and 25c for children under 12 years. This is a good opportunity for the ladies of Wetaskiwin and community to purchase their Christmas presents.

Dr. R. T. Tanton, P.A.C.C., returned home to Summerside, last Tuesday night from Boston, accompanied by Mrs. Tanton, and is receiving the congratulations of his best friends upon the honor conferred upon him there. Incidentally, they had an enjoyable time and whilst in the "Hub" visited the Canadian club and other points of interest. We notice that the congress of the American College of Surgeons at which the Dr. was made a Fellow was attended by 6,500 and that there were over 6,000 applications for Fellowship, of which only 715 was granted, 63 of whom were Canadian surgeons. About 35 Honorary Fellowships were also granted to surgeons in different parts of the world. Amongst others in attendance were Dr. W. A. Buckle, formerly of Summerside, and now of B.C., who was also made a Fellow, and Dr. Hiram Champion, who attended as a Fellow.—Summerside Journal. Dr. Tanton is a brother of Mrs. C. E. Crompton, of this city.

QUIT YOUR KICKIN'

There ain't no use in kickin', friend, When things don't come your way; It does no good to holler round, And grumble night and day. The thing to do is curb your grief, Cut out your little whine; And when they ask you how you are, Just say, "I'm feelin' fine."

There ain't no man alive but what is hooked to get his slap; There ain't no man that walks but From trouble gets his rap. Go mingle with the bunch, old boy, Where all the bright lights shine, And when they ask you how you are, Just say "I'm feelin' fine."

EDMONTON DENTIST MAKES TRIP TO ARCTIC CIRCLE

From Fort McMurray to the Arctic, golden smiles—in the literal sense—are to be met with on every hand. Bluntly the tongue, nails and files have been gladly displayed by the residents of the far north; an era reminiscent of the Spanish Inquisition has faded into the misty past, tooth-picks has been abolished from the land, and the north country is teeming on a new and painless era.

Dr. W. P. Millar, the man responsible for this happy condition of affairs, has returned to Edmonton, after six months spent at the top of the map, he has returned to his dental practice in the McDougall and Second block, and because he will devote the suffering of Edmontonians in place of those of the Eskimo, the fur traders and the navigators of the frozen sea. In all Dr. Millar travelled between 7,500 and 8,000 miles by steamer, whaler, river boat, schooner, launch, scow and canoe; he went north down the Athabasca and the Mackenzie, returning via Alaska, the Siberian coast, the Behring Straits and Vancouver, and as a result he possesses sufficient insight to fill a large sized volume.

Dr. Millar was the first dentist the Arctic has ever known; prior to his advent it was the custom of toothache sufferers to obtain the assistance of neighbors to hold them down while the local strong man gouged out the offending molar with the business end of a rifle or stout nail. The three dentists centered along the three thousand miles of waterways could not attend to the sufferers, and though the Sisters of Charity and the missionaries performed wonders, for years the cry of the northmen has been for a real dentist to go out and end their sufferings.

In response to the urging of their post managers, the Hudson's Bay Company finally arranged with Dr. Millar, and on May 29th he left for the north, visiting all the posts strung along the rivers which flow to the Arctic, at every steamer landing to be greeted by dental sufferers willing to fight for a place in his chair.

Reorganizing of the Canadian Air Force is nearing completion and in future Winnipeg will be the headquarters for the administration of the force in Manitoba and Saskatchewan. The Alberta headquarters will be at the High River and Vancouver will have the administration for British Columbia.
